Professional Experience

ZAPSAS Digital Network - 🔗 **zapsas.tech**   **Jun 2025 – Present**

Founder & Developer   *Nagpur, India*

- **Founded** and scaled **multi-domain** content and tools platform serving **3,500+ monthly** active users **across 5 applications** with **1,200+ pages**, demonstrating end-to-end ownership from architecture to deployment and user growth.
- Architected microservices-oriented ecosystem with React 18, implementing client-side **fuzzy search** (**Fuse.js**), dynamic **SEO optimization** (**React Helmet**), and **Cloudflare CDN** for global distribution, **achieving 99%+ uptime** and **< 2s page load times**.
- Managed complete infrastructure including zero-downtime domain migration, **SSL/TLS implementation, DNS configuration**, **security headers** (CSP, HSTS, XSS prevention), **achieving 61 Google-indexed pages** organically without marketing spend.

Refine Media and Productions Pvt Ltd., Nagpur, India   **Dec 2024 – May 2025**

Full Stack Developer Intern   *Nagpur, India*

- Developed responsive web interfaces using **React.js, HTML, CSS**, and JavaScript, improving UI consistency across devices.
- Built backend APIs using Node.js, Express.js, and integrated **MongoDB** databases. Reduced UI development time by **30%**.
- Strong **problem-solving**, adaptability, and **team collaboration** skills with a focus on attention to detail, **time management** and **communication.**

Projects

AI-Powered Resume Builder – 🔗 *live* | *GitHub* | *JavaScript, React.js, Python, Flask, Groq AI, Firebase*   Nov 2025 – Dec 2025

- Developed a production-ready AI resume builder with React.js and Flask, serving **200+ active users** and **generating 500+ professional resumes** with automated enhancement, real-time preview, and secure user authentication.
- Implemented **multi-format export** (PDF, HTML, JSON) and integrated Firebase for analytics tracking, while developing an **interactive assistant bot** to guide users and **reduce form errors by 40% in real-time**.
- Optimized performance, delivering **60% faster resume generation** and **85%+ ATS-compatible** resume.

Automated Image Fetcher - 🔗 *live* | *GitHub* | *Python, Flask, React.js, Tailwind CSS, JavaScript*   Aug 2025 - Sep 2025

- Developed a Python and Flask-based web application serving 500+ users to automate image extraction using **BeautifulSoup** and Requests, with **filters for quantity and Format (jpg, png, webp, gif)**
- Enabled bulk downloads, **bundling images into a ZIP file** for efficient storage and transfer, optimizing performance and usability. **Achieved a 95% satisfaction** rating from over **150+ user testers** during the testing phase.

Achievements & Certificates

Leetcode - 🔗 *Profile* - Contest Rating: 1,397 | **Solved 273+ problems** with 6 badges and 260+ active days. **Unstop -** Global Rank: 28,393 based on competitive activity.

Research Publications – Published 2 research papers in IJSREM Journal.

Microsoft Azure Fundamentals (AZ-900) – Scored **910/1000** on the Microsoft Azure Fundamentals certification exam.

Web Development – Completed a 1-year Web Development program at STP Computer Education.
